EXPERIENCE

Centenary Summer Scholars, Centenary University — Student

JULY 2016

A pre-college program where I completed a 2-week bootcamp of computer programming. It consisted of workshops that included Python, HTML, CSS, and Web2Py framework.

Hack NYU, Brooklyn, NY — Participant (Hacker)

FEBRUARY 2017

A 36 hour hackathon where I competed against hundreds of competitors in a programming based competition. I created my first iOS app (Panac) and attended workshops on iOS development, Firebase, and Leadership

EDUCATION

Williamsville North High School, Williamsville, NY — High School Degree

SEPTEMBER 2015 - JUNE 2019

Currently a sophomore in high school

PROJECTS

Droplet — iOS Application (danversalov.com/droplet.html)

(To be released Q4 2017) “Changing the world one droplet at a time”

(Xcode, Swift, Firebase)

Panac — iOS Application

This application distracts people with addictions by showing them memes (JSON, Meme API, Xcode, Swift)

Danversalov.com — Website

My Portfolio website created using code

(HTML, CSS, Bootstrap, JQuery, Javascript)

SKILLS

Xcode, Swift, HTML,
CSS, JQuery, Javascript,
Python, Firebase
