DAN VERSALOV

SELF-TAUGHT WEB
DEVELOPER/DESIGNER

ABOUT

I am a freelance web developer and designer creating modern websites for anyone seeking to improve their brand or start their first portfolio

WORK EXPERIENCE

FOUNDER, WEB DEVELOPER

Dan Versalov Web Development | Nov 2017 - Present

- A company I started that focuses on brand development and building portfolios for clients through web development

IOS DEVELOPER

Droplet App | Mar 2017 - Nov 2017

- My first iOS application where I focused on building my skills in iOS development. Tasks included social media management, database creation with Firebase, and programming the application with Swift

EDUCATION

HIGH SCHOOL DEGREE

Williamsville North High School | 2015 - Present, Junior

GPA: 3.9 - Computer Club President, Technology Student Association Vice President

PROJECTS

BINARY APPAREL USA - <http://binaryapparelusa.com>

A brand/clothing company that identifies the binary things in life and supplies clothing to both groups. You're either a hustler or relaxer, creative or logical, etc.

DAN VERSALOV PORTFOLIO - <http://danversalov.com>

My Portfolio website that shows off my work created with HTML, CSS, Javascript, and JQuery.

VENUS GREEK AND MEDITERRANEAN - <http://eatatvenus.com>

A website I created for a Greek and Mediterranean restaurant in Buffalo, NY.
